2) Short Description

Hemp harvest equipment - the Double Cut HEMPER®: harvest the hemp CBD flowers and fiber off commercial hemp in one go. Proven hemp harvest equipment method since many years. The Double Cut Hemper is a Claas 830 self-propelled forage harvester, rebuilt and prepared for hemp harvest. It includes a special single knife drum to cut the fiber in pieces off 60 cm (2ft), the Hemper rotary header designed to harvest hemp and prevents congestion and seizing of rotating parts off the tough Hemp crop, a hydraulic lift and last but not least a light weight draper header with left hand belt to harvest the top section of the buds, leaves and flower. Please call us for more information and technical specifications on +31772066603 or visit www.ammachinery.nl

4) A&M PREMIUM Warranty

All our equipment is inspected with the Harvester-Guard (R) inspection software. This certificate declares that this forage harvester has A&M PREMIUM warranty on:

1. All inspected CROP-FLOW components with a 3, 4 or 5 star rating.
2. All CROP-FLOW bearings which have status approved.

Warranty on repairs:

Components with 1 or 2 star rating are subject for repair and have no warranty. In case A&M Machinery is ordered to repair the 1 and 2 stars components then warranty is in place, as repair implies upgrade to 5 stars or status approved.

Eventually repairs are reported in the 'A&M PREMIUM or A&M EXCLUSIVE warranty certificate & terms' document.
