### Options

## 2) Short Description

---

A compact solution to distribute maize quickly and efficiently, the Holaras MES 300-H-125 is the perfect choice. Specially designed to meet the needs of lightweight tractors, this hydraulically operated corn leveling scraper provides excellent performance without overloading the tractor. Thanks to the compact design of the Holaras MES 300-H-125, you can effortlessly maneuver through tight spaces and still distribute maize quickly and efficiently. With this maize scraper waiting silage wagons and tippers are a thing of the past, saving you time and money.
