Options

2) Short Description

Introducing the Knoll MultiBaler 1220 – the ultimate solution for efficient baling and wrapping. This versatile machine simplifies the packaging of silage and other materials, offering high productivity and convenience. With advanced features like a press chamber system, dual-arm wrapper, and automated controls, the MultiBaler 1220 ensures consistent and secure bale formation. Its compact design, reliable binding system, and easy maneuverability make it the perfect choice for professionals. Experience the efficiency of the Knoll MultiBaler 1220 today and revolutionize your baling process. Contact us for more information.

4) A&M PREMIUM Warranty

All our equipment is inspected with the Harvester-Guard (R) inspection software. This certificate declares that this forage harvester has A&M PREMIUM warranty on:

- 1. All inspected CROP-FLOW components with a 3, 4 or 5 star rating.
- 2. All CROP-FLOW bearings which have status approved.

Warranty on repairs:

Components with 1 or 2 star rating are subject for repair and have no warranty. In case A&M Machinery is ordered to repair the 1 and 2 stars components then warranty is in place, as repair implies upgrade to 5 stars or status approved.

Eventually repairs are reported in the 'A&M PREMIUM or A&M EXCLUSIVE warranty certificate & terms' document.
